

The decision by Sinclair Broadcasting to pressure their stations to air an anti-Kerry film in the days before voting for a US President is a violation of fairness and Sinclair's right to use the airwaves free of charge. This permission carries with it an obligation to be impartial. Calling "Stolen Honor: Wounds That Never Heal" a news piece shows clear journalistic bias.

I hope you will not allow this particular program to air and others of its ilk. We need programs that serve the public interest in a dis-interested way!

Thank you.

Sincerely,

Rosemary J. Dudley
